

RIBA Accredited CPD Seminars from Triton Systems

Triton is a member of the RIBA CPD Providers Network and offers architects and other construction professionals three RIBA approved seminars.

New Build Basement Waterproofing

This seminar focuses on the specific requirements of waterproofing in new build applications. Focusing on the requirements of BS 8102 (2009) it covers design philosophy and guidance on the site evaluation/risk assessment required at the outset of the project. It gives clear explanations of the types of waterproofing protection available and why each (or a combination) should be specified depending upon the individual project requirements.

Existing Basement Waterproofing

This seminar will appeal to architects involved in domestic, commercial and historic or conservation projects. It explains how cavity drain membrane systems differ from tanking systems by continuing to allow the water to enter the building, controlling it behind the membrane and diverting it to a suitable drainage point. Key benefits include the speed of installation achieved by eliminating the need for extensive substrate preparation.

Living Roofs/Green Roofs

This seminar focuses on the installation of living or green roofs to structures and explores their benefits, the design principles, construction processes and further considerations.

To book a seminar please complete and fax back the form overleaf – thank you.

RIBA Accredited CPD Seminars from Triton Systems

If you would like to book one of Triton's RIBA approved CPD seminars, please fill out your details on the form below, fax it to us on 01322 524017 and we will contact you to make an appointment. Each seminar lasts for 40 minutes and can be presented at practices throughout the UK and Ireland.

Response Form

Practice Name

Your Name Job Title

Telephone Fax Number

Email

Postal Address

Which Triton CPD seminar are you interested in?

- New Build Basement Waterproofing
- Structural Waterproofing (existing basements)
- Living Roofs/Green Roofs

Please tick to indicate your specific requirements below:

- Triton to present a seminar at your practice premises
- Please indicate estimated size of audience:
- To attend a seminar in the region
- Set of Triton product literature
- A Triton representative to call you to discuss a project

Other requirement:

If we are to present a seminar at your premises, please indicate your facilities below:

- Conference room
- No facilities
- A projector screen
- An overhead projector
- A multimedia projector
- The ability to darken the room
